Description

Matabie Bramble Golf Ball.
A good example of a bramble patterned rubber core golf ball. The ball is named 'Matabie 27 ½' on both poles but the maker is unknown, circa 1900's. The ball is a classic bramble pattern, raised dimples, but with very little paint on its surface.

The ball is approximately 1 11/16 inch in diameter (4.3 cm).
