

Decorative Billiard, Snooker Cue

Sold

REF: 25518

Height: 133.5 cm (52.6")

Description

Decorative Billiard, Cue.

A one piece cue with elaborate inlays. The cue is probably made of beech or lance wood with the handle being highly decorated with inlays and stringing. The main part of the handle is made of mahogany with ebony and boxwood stringing and an ivory wedge. The thickness of the cue suggests that it is a billiard , not a snooker cue.

A very nice desirable cue with a few scratches, although not dead straight.
