Description

Vintage Pair of Brown Leather Field / Riding Boots.

A pair of tan leather field boots with beech wood trees. The leather on these brown boots is in good condition with all buckles intact. Probably size 8. The beechwood trees are not original to these boots and the screw handles are missing.

Field boots are the boot of choice by the mounted police because of their comfort and flexibility. The flexibility comes from the lacing at the ankle and are great for when jumping and general riding.
