

BMW R 60/2 Motorcycle

Sold

## Description

A fine BMW Motorrad, Model R60/2. Built in Munich in 1962 and 1st registered in England, 15.02.1962  
The motorcycle has 600cc, 30HP with opposed twin, boxer engine with shaft drive. It claims to do 90 Mph.  
The front with Earl forks and drum double leading shoe brake. The rear with single leading shoe.  
This bike is a runner but could do with some cosmetic attention. It looks all original, with old paintwork and some damage to the rear fender.  
A great bike to ride or restore.  
The last owner purchased the bike in 1994.
