Description

BSA C15 250cc Motorcycle.

A 1962 BSA C15, 250cc single-cylinder ohv motorcycle manufactured by the British company BSA. They were manufactured from 1958 until 1967, and was BSA's first four-stroke unit-construction bike. Tax and MOT exempt, in good condition, deep red in colour, comes with original buff log book (registered on the Isle of Man), a newer V5C, various tax discs and old MOT certificates, also various receipts and related articles. The bike runs well but needs a little tuning as it is not a good starter at the moment. Otherwise a great little bike.

The seat showing has been replaced with a new seat with white piping which looks great.
