Depth: 56 cm (22")

Description

Vintage Adjustable Studio Artist's Easel - Functional & Decorative.
A beautiful antique artist's studio easel that combines traditional craftsmanship with practical functionality. Constructed from solid wood, this impressive easel has a timeless character and remains sturdy, fully usable, and ideal for both painting and displaying artwork.
The easel is fitted with a traditional hand-winder (crank handle), allowing the canvas support to be raised and lowered smoothly and precisely. It will accommodate a painting or canvas up to 1m 33cm in height, making it suitable for a wide range of artworks.
Raised on a trestle base and fitted with four castors, the easel is both stable and easy to move around a studio, gallery, or home. The bottom support can be adjusted from 28cm above the floor at its lowest setting to approximately 1m 17cm when fully raised, allowing artwork to be positioned at the ideal viewing or working height. The measurements showing are when the easel is in its lowest position; when fully extended, it stands to an impressive overall height of 2.60m.
Equally suited as a working artist's easel or as an elegant display stand, it provides a striking way to present both framed and unframed paintings. Its classic design makes it a decorative feature in its own right, enhancing any studio, gallery, or interior setting.
A wonderful piece of artist's equipment, offering the perfect blend of functionality, craftsmanship, and timeless style. Ideal for artists, collectors, galleries, or anyone looking for a distinctive way to create or display artwork.

Please note: The artworks shown on the easel are for display purposes only and are not included in the sale.
