Sold

REF: 26979

Height: 20 cm (7.9")

Width: 3.5 cm (1.4")

Depth: 2 cm (0.8")

Description

Fixed Blade Wilderness Knife.

This is a fine traditional northern Scandinavian fixed blade Wilderness knife. This is a great small multi-purpose knife suited to shooting sport, deer stalking, hunting, camping and forest activities. The blade is very sharp and is made from quality High Carbon Steel. The blade is natural unpolished carbon black except for the grind. The well designed shaped handle is made from a combination of polished reindeer antler and thin layers of leather. The sheath is made from wet-formed cow hide and it has a leather belt hanger attached to it. The sheath is embossed with a stag and hoof prints.

The knife is extremely well balanced with a 8.5 cm blade.
