## Description

Antique Ridge Top Ash Skis.

Ash ridge top skis with pointed tips, galvanised safety bindings and foot plates. The bindings have adjustable toe irons, cable bindings with coiled heel springs. The skis are dark brown in colour with a polished finish, stamped '210 5436' and the running surface being painted red and having a single groove along its length and with metal edge runners. The bindings are marked "KANDAHAR".

Adjustable toe irons with cable and coiled heel springs were very popular from the mid 1930's to early 1950's, although there were many design variations of these bindings.
