Description

Unusual Two-piece Fibreglass Recurve Archery Bow.

An unusual fibreglass continental archery bow that pulls apart in the center for ease of transportation and storage. The cork grip has a hollow tube and is fixed to one half of the bow, the other half smoothly slides in to complete the bow. One piece measures 89 cm, the other with, handle measures 92½ cm. There are no makers stamp, but it is stamped 25.

The length measurement is between the grooves on the tips of the bow.
