Description

Antique Billiard, Snooker, Life Pool Scoreboard

An oak combined billiards and life pool scoreboard with glazed oak cupboard for balls. The billiard scorer has white rollers with black painted numbers, 0 to 100, and brass slides to mark your score. The Life Pool board consists of 12 slides with coloured discs (each colour representing the player's cue ball) and each slide reveals 3 mother-of-pearl discs, one for each life. There are also "stars" hiding, and they are used as extra lives. In the middle of the scoreboard there is a slate for keeping scores etc. The scoreboard was made by Padmore.

The game of Life Pool can be played by a number of players, who form the pool. Each player has their own coloured ball and loses a life each time the ball is potted by an opponent. When a player loses all of his lives he is out of the game.
