

Silver Plated Hunting Flask

Sold

REF: 26973

Height: 25.5 cm (10")

Diameter: 7 cm (2.8")

## Description

Silver Plated Conical Hunting Saddle Flask.

A good plated hunting saddle flask, conical shape with a hinged lid with bayonet fitting, contained in the original leather case. The saddle flask's leather holster has straps at the top and base so that it can be attached to the saddle. The flap lid closes with an eye over a stud. The flask is in excellent original condition with surface decoration and glass bottom.
