Description

Wonderful Angling Oil Painting, Taking The Fly.
A fine original oil on board fishing study, presented in an ornate gilt frame that enhances its period character and makes it a striking decorative piece. The painting depicts a hooked rainbow trout caught on the fly, rendered with vibrant colour, intricate detail, and lifelike quality. The work bears an indistinct signature, possibly 'GRAY'. This modern painting's subject and treatment are strongly reminiscent of the work of the renowned British artist Roland Knight (1845-1921), particularly his painting titled 'Taking The Fly'.

Frame size:- 43 cm high by 48½ cm wide.
