

Vintage Dunlop Golf Ball Pocket Watch

Sold

REF: 28866

Height: 2 cm (0.8")

Diameter: 3.5 cm (1.4")

Description

Dunlop Golf Ball Brev Pocket Watch.

Novelty 1920's silver plated Swiss made Dunlop golf ball pocket watch. The watch made in the style of a square mesh pattern Dunlop golf ball, "Dunlop No 5" to the front and rear panels. The mesh covers are hinged, inside panels are marked 'BREV.+ No. 107244, Regd No. 703616, Swiss Made, MetalArgente' on the rear of the front cover and 'BREV:U.S.A, No. 65351' to the back one. The watch features a white dial with large Arabic numerals and a three hand movement, hour, minute and second hand.

A wonderful novelty golf timepiece, very little wear to the casing, it does work but needs to be serviced as it does not keep time or run for long.
