Description

Vintage Shaped Automobile Luggage.

A wonderful fine leather car trunk suitcase with a sloping front. The motor car luggage was specially made to fit the car, whether for in the trunk or on the back seat, it was made sloping to maximize space. All in great original condition with central carry handle, two chrome locks, interior lined with Moire satin and fitted with straps and little gathered pockets designed to stow small items securely in the case. A fine motoring trunk. We have had an identical case before with the retailer's details, "Newbury and Johnson Ltd, London". On their label there were the logos for Roll Royce, JB and Bentley so they obviously supplied top quality motoring luggage.
