Sold

REF: 29083

Height: 3 cm (1.2")

Diameter: 9.6 cm (3.8")

## Description

Rare Lawn Tennis Court Tape Measure.

This useful tool is made of brass with a 78' canvas tape. The paper label applied to one side shows the measurements of a singles and doubles lawn tennis court with the net height and post positions. Anyone with a lawn large enough could purchase a complete boxed set with the necessary equipment and set up a lawn tennis court. This was a vital piece of equipment to do this accurately.
