Description

Vintage Observation Binoculars. 10 X 80

A pair of Polish ex military observation binoculars with 45° incline eyepieces mounted onto an aluminium gimble and adjustable old wooden tripod. The binoculars are marked 510128, 1202 - 264 / 8. The eyepieces can be altered for the distance between the eyes simply with a turn of a knob, as can the four shade settings for the lenses. The optical quality of the lenses is excellent. This is a fine pair of binoculars with a polished metal finish and handles either side for a greater freedom of movement.

The dimensions given are without tripod.

NOTE: Shipping price P.O.A. Shipping subject to quotation and will be charged separately.
