REF: 28857

Height: 26 cm (10.2")

Diameter: 18 cm (7.1")

Description

Vintage Glass Lemonade Jug with Cooler.
A very nice large lemonade jug with original internal cooling insert, this is the ideal way to keep your beverages chilled. The glass insert is filled with ice and put in place thus cooling the liquid inside, be it lemonade, orange juice or even Pimms, without the ice melting and diluting your drink. The pressed glass pitcher with etched grape decoration, plated handle, spout with removable filter and hinged lid. The original internal glass insert is secured in place by a quarter turn of the plated lid, this can be unscrewed from the glass tube to fill with ice.
