The penknife comprises of one large blade, one small blade, a corkscrew, bottle and can opener and a bradawl. On one side of the handle in raised relief is a boxer and a tennis player on the other, also on both sides in raised relief are the words "DEPOSE". The blades are pitted and one is 3 inches long and the other 2 inches, the long blade with the tool trademark logo and the name Coursolle. The spring mechanism is still stiff on this knife with the screw driver, bottle opener and corkscrew difficult to open, should ease with use.
