## Description

Vintage Style Ski Photography, Framed Alpine Ski Photograph, St. Moritz.

'St. MORITZ', a modern framed and mounted black and white photograph after an original 1930's skiing photograph. The frame is black with burgundy undercoat, the glazing is clarity+ premium synthetic glass. Black & white alpine photos are the perfect addition to any home or ski lodge, so please do check out our other ski photos and winter landscapes.

Prior to being a recreational activity skiing was purely a means of travelling from A to B through the snow, it only started to become the sport it is today in the mid-1800's.

St. Moritz is a luxury alpine resort town in Switzerland's Engadin valley. It has hosted the Winter Olympics twice, has the Cresta Run, a world-championship bobsled run made of natural ice, and an outdoor Olympic ice rink. Its frozen lake hosts polo, cricket and even horse racing on ice. Ski and snowboard areas include Corviglia, Diavolezza and Corvatsch, and there are well-groomed cross-country ski trails.

The photographs are also available mounted but unframed, priced at £49.

These photographs can be produced in a larger size if required, please contact us for more information.

These framed photos are made to order so please be patient, colours and tones may slightly differ to those illustrated
