Description

ANTIQUE ASH SKIS.
A nice pair of light ash skis in excellent condition. The skis have metal foot plates with newer added metal bindings. The early flat top skis are polished with pointed tips, decorative grooves to the surface and the underside has a single groove along its length. The toe irons and cable and coiled heel spring were very popular from mid 30's to the early 50's, these were added to these early 1920's skis. One ski tip is embossed underneith with 'ANTON LAUPHEIMER, MARKE ZUGSPITZ, WEISSENHORN BAYERN', there are two metal trade plates with 'Max R. Beckert' on and the toe levers are marked 'Aschberg'. One of the tips has been replaced but it was done by a professional and some time ago.
