Description

Silver Decorative Archery Brooch.

An attractive antique arrow-shaped brooch crafted in delicate silver filigree - a technique in which fine twisted wire is worked into intricate, lace-like patterns. The arrow pin brooch, lapel pin is formed as a stylised arrow, with detailed fletching and a shaped spearhead tip. It retains its original pin fastening.

Arrow motifs were popular in late 19th and early 20th century jewellery and could symbolise love (Cupid's arrow), protection, or an interest in archery - a fashionable and socially significant sport during the Victorian and Edwardian periods.

A charming and decorative example of archery-themed jewellery.
