Framed Width: 41 cm (16.1")

Description

Vintage Style Photography, Framed Fishing Photograph, Fishing in Banff.

'FISHING IN BANFF', a modern framed and mounted black and white photograph after an original 1920's photograph that was part of a collection of Canadian photographs from Banff National Park. The frame is black with burgundy undercoat, the glazing is clarity+ premium synthetic glass. Banff National Park is Canada's oldest national park, established in 1885, and nestled in the heart of the magnificent Canadian Rockies. The allure of Banff National Park is the mountainous terrain with numerous glaciers and ice fields, dense coniferous forest, and alpine landscapes, the home of some of North America's wildest creatures, including the grizzly bear, caribou and wolves.

The photographs are also available mounted but unframed, priced at £49.

These photographs can be produced in a larger size if required, please contact us for more information.

These framed photos are made to order so please be patient, colours and tones may slightly differ to those illustrated.
