REF: 26220

Height: 15.5 cm (6.1")

Diameter: 58 cm (22.8")

Description

Antique 20th Century Lazy Susan.
A revolving Lazy Susan made of oak with generous proportions. The well turned Lazy Susan is polished with a wonderful patina to it. The circular top is turned out of two pieces of oak and has a raised and moulded edge, it revolves easily on the pedestal and is original throughout.
The idea of a Lazy Susan is to place it onto a table or countertop to aid in distributing food to the dinners.
