Description

Antique English George the III Oak Lowboy Side Table.

A charming antique English oak lowboy side table, beautifully crafted with elegant proportions and rich character. Constructed from solid oak, this fine piece displays a wonderfully warm, honey-brown colour and a deep, mellow patina that has developed over many years, highlighting the natural beauty of the timber. The table features a rectangular top above a practical arrangement of three drawers, comprising one full-width upper drawer and two smaller drawers beneath, each retaining attractive brass drop handles that complement the period design. The drawers provide useful storage while maintaining the table's refined appearance.

The front is enhanced by a beautifully shaped wavy pierced apron, echoed by matching shaped sides, creating a graceful silhouette. The elegant tapering legs lend the piece a light, sophisticated stance, while delicate boxwood and ebony inlaid stringing adds a subtle decorative detail, reflecting the high standard of craftsmanship.

A versatile and highly decorative piece, this lowboy works equally well as a side table, lamp table, hallway table, or occasional table, bringing timeless English country charm to both traditional and contemporary interiors.

A particularly good-quality example, boasting excellent colour, rich patina, and fine craftsmanship throughout. A handsome and practical antique that is ready to be enjoyed for many years to come.
