

Steel, Dimple Pattern Golf Ball Mould

£350

REF: 29756

Height: 5.7 cm (2.2")

Diameter: 5 cm (2")

Description

Vintage Two-Part Dimple Golf Ball Mould.

An interesting un-named dimple pattern golf ball mould. The steel moulds with locating slots to ensure the correct alignment of the pattern, both parts stamped with a 'B' to the base. Internally one part stamped 'E6' and the other 'AE'. The moulded ball would have approximately 384 dimples. Size is for the mould stacked together, each stands 2.8 cm high.

A nice collectors item.
