Description

Antique Golf Club By A.H. Scott.
A beautiful small persimmon socket head brassie by A.H. Scott of Earlsferry. The club head with full brass sole plate, traditional horn slip along the leading edge of the sole, lead weight to rear. The club head and original hickory shaft marked with Scott's (Andrew Herd) details; the club head also stamped with Prince of Wales plume of three feathers. The shaft with a small bend and under the suede leather grip the handle has been slightly extended.
A wonderful club.

The measurements shown are the length of the whole club and the width and depth of the face.

Andrew Herd Scott of Elie, Earlsferry (1875) received a British patent on November 12th 1895 for The 'Unbreakable Neck' golf club, the club having a fork splice neck joint.
