Height: 77 cm (30.3")

Width: 3.5 cm (1.4")

Depth: 6 cm (2.4")

## Description

Robert Forgan & Son Junior Golf Club.

A fine junior, juvenile, socket-head persimmon wood hickory-shafted wood by Robert Forgan & Son of St Andrews. The club head is clearly marked with Forgan's details 'R. Forgan & Son, St Andrews'. The head incorporates a lead weight to the rear and the traditional horn slip along the leading edge of the sole, the club presents well in excellent overall condition. The shaft is hickory and is fitted with a suede leather grip. This juniors wood golf club is in near mint condition, showing very little, if any, use.

The measurements shown are the length of the whole club, the width of the face and depth of the head.
