REF: 29746

Height: 107 cm (42.1")

Width: 9 cm (3.5")

Depth: 6 cm (2.4")

Description

Tom Morris Scared Head Bulger Driver.

An elegant scared head beech wood bulger driver by Tom Morris of St Andrews. This great looking club has a polished club head, lead weight to the rear and the traditional horn slip along the leading edge of the sole, head is stamped 'T. Morris'. The hickory shaft fitted with a replaced full length hide grip complete with underlining, appears unused, possible re-shaft.

This is a very nice example of a scared head golf club from the 1890's in excellent condition.

Approximate head size:-

a = 9 cm

b = 3.4 cm

c = 6 cm

The early clubs are made with a hickory shaft glued to the head by means of a splice or scare joint. This joint is then further strengthened by whipping with a pitched thread. All beautifully hand made by craftsmen of the time.
