Description

Hickory Shafted Golf Club, 'Par' Driver.
A good original persimmon wood socket head driver with hickory shaft and polished leather grip. The head marked 'Par' 'Special' with lead weight to the rear and extra lead in the sole. It has a face insert secured with three wooden pegs.
A great driver in good original condition and very usable for modern hickory play. Approximate 9° loft and the best balls for hickory play are low compression balls that will give at impact, such as soft feel balls or ladies balls.
