Description

Rare Novelty Gutter Golf Ball Inkwell.

A wonderful leather covered travelling inkwell in the shape of a mesh pattern gutter golf ball. This is a very desirable, rare and unusual object made from brass and covered in imprinted leather to imitate a gutter golf ball. It is hinged in the centre with a push button clasp. When opened there is another brass dome lid that when opened the original glass ink pot bottle is revealed, this brass lid has a sprung seal to stop any ink spillages.

A great collector's piece in very good condition.
