Description

Golfing catalogue, 'Then and Now'.

This catalogue accompanied the joint exhibition of the same name by Nick Potter and ourselves. The exhibition was a collaboration of golfing art and memorabilia. A large proportion of the items in the exhibition had come from a private collection in America. The highlights of the collection included; Higgins' poster of St Andrews, Arthur Weaver's oil of Gleneagles, Michael Brown's atmospheric large group of The Open Champions and some truly rare and decorative period pieces. The catalogue has 116 items with 59 coloured illustrations over 17 pages.

This catalogue was produced for the exhibition but as with the other publications we have done, they are now being used as a valuable reference source.

The price is £12 which includes postage and packing within the UK. The catalogues can be purchased as individual publications or there is a discount for buying more than one of the available catalogues, please contact us for further details.
