Description

PRYCE-TANNATT'S PERSONAL FISHING PHOTO ALBUM

This album contains twelve double sided pages in a green cloth binding with gilt writing to the cover 'Holiday Pictures'. The 104 original b/w photographs are of P-T with family and friends fishing on various waters, locations and scenery shoots.

Dr Edwin Pryce-Tannatt was a self-taught fly dresser who is arguably the most important of the last century. His flies are outstanding in quality, colour and the finished detail is remarkable. P-T is the most respected of past fly dressers within the related guilds and associations and for any fly dresser his book 'How to Dress Salmon Flies' is a must.
