Description

Lawn Tennis Racket Display Stand, Ball Hopper.
A wonderful stand for lawn tennis rackets and balls. The stand is made of beautifully marked bamboo with brass fittings and a cloth ball bag (ball hopper). It can display eight rackets within the mahogany side panels. The stand has been copied and adapted from photos of an original 1890's stand. They would have stood at the side of the tennis court ready for the players to choose their rackets and balls. Ideal to display part of a racket collection.

Balls and rackets for display purposes only although we do have tennis items for sale, please check our tennis stock listings.
