REF: 18728

Description

Oak Tennis Racket Display Case.
A hand made glazed tennis racket display case. These are modern tennis cases but taken from a classic design from the late 1880's. We have a selection of these cases, some stained and polished by craftsmen in the Cotswolds, some left in the raw. The cases have been lined with dark blue/ black crushed velvet and some have a universal fitting with leather strap and buckle. They look good hung vertical or horizontal.
Call to check stock availability.

Rackets are sold separately, check website for up to date stock.
