

Mechanical Corkscrew

SOLD

Reference: 26678

Height: 18 cm (7") Width: 9 cm (3 1/2") Depth: 3.5 cm (1 1/2")

Short Description

Vintage Spring Assisted Corkscrew.

A good example of an open frame German spring-assisted corkscrew derived from Dunisch & Scholer 1883 patent. This is a good mechanical corkscrew in working order with a turned wooden 'T' handle. By incorporating a spring within the design it makes for easier extraction of the cork. A nice talking point when next de-corking a bottle of wine.
