Short Description

Vintage Ski Photography, Antique Alpine Ski Photograph.

'DAVOS, PARSENN', a new mounted black and white photographic image after an original 1930's skiing photograph. Black & white alpine photos are the perfect addition to any home or ski lodge, so please do check out our other ski photos and winter landscapes. Prior to being a recreational activity skiing was purely a means of travelling from A to B through the snow, it only started to become the sport it is today in the mid-1800's. Parsenn is a ski area near Davos, Switzerland, offering 35 ski runs. The Parsenn area is the largest and most modern of Davos' five mountains.

The price displayed is for the mounted photo only.

The alpine photograph is available in a hand coloured reeded wooden frame. Images of the frame are shown. The external size of the frame is 22" x 16" and it is priced at £135.
