Short Description

Vintage Style Photography, Framed Alpine Ski Photograph, Bend Zie Knees.

'BEND ZIE KNEES', a framed and mounted black and white photograph after an original 1930's skiing photograph. The frame is a hand coloured reeded wooden black frame.

Black & white alpine photos are the perfect addition to any home or ski lodge, so please do check out our other ski photos and winter landscapes. Prior to being a recreational activity skiing was purely a means of travelling from A to B through the snow, it only started to become the sport it is today in the mid-1800's.

The photographs are also available unframed, priced at £49.

They also come in a larger size, the external size of the mount is 36 1/2" x 25" - image size 30 3/4" X 19 1/2" and priced at £160.

This larger mount can also be framed in the hand finished frame, external size 38 1/2" X 27 1/4", priced at £320.

These framed photos are made to order so please be patient.
